PROFESSIONAL EXPERIENCE

General Assembly
Washington, DC
Full Immersive Web Development Student   *11/2017 – 2/2018*

Web Development Immersive student in a 12 week intensive, full-stack web development program that focus on individual portfolio development with an emphasis on work-related disciplines.

- **Animal Trivia** - A simple trivia application, built to test your knowledge and learn something new about the animal kingdom.
  Technologies used: HTML, CSS and JavaScript

- **P-Dex** - A full-stack application, designed for adding, editing and removing Pokemon information from the P-Dex application.
  Technologies used: Mongoose, Express, Handlebars and Node.js

- **Dollar Beer Club** - A MERN application, designed to help brew enthusiasts find and acquire their favorite brew. It provides complete CRUD functionality as well as access to the 3rd party API 'BreweryDB'. I contributed to the front-end development of the website, which included designing and styling the website as well as mapping the "Shop" component.
  Technologies used: Mongoose, Express, React, Node.js

Maryland National Capital Park and Planning Commission
Laurel, MD
Graphic Designer / Admin. Support / Visual Arts Instructor   *3/2012 – 11/2017*

- Created promotional marketing materials for monthly distribution across Prince George and Montgomery county areas.

- Designed Constant Contact newsletter distributed to over 7,000 subscribers.

- Routed calls and electronic inquiries for additional support as needed, provide customer service at front desk.

- Managed various databases, data entry, updated patron information, class schedules, and program listings.

- Provided top-notch customer service by processing transactions and resolving issues and concerns in a timely manner.

- Taught 4 classes per summer session in beginner Photoshop and InDesign to children and teens, with a maximum of 12 students per class. Student's final artwork were displayed in the annual student showcase.

- Encouraged students to learn new creative skills and develop of their own sense of artistic curiosity.
